Evermore

Custom Cabinetry

A cornerstone of a good kitchen is the cabinetry. It should look good, perform over time, and adjust to your changing needs. Our Evermore Custom KCMA-certified cabinets are strong, good-looking, and built to last.

All of our cabinets are built to the rigorous Kitchen Cabinet Manufacturers Association, and must pass the same testing as Merillat, Marsh, Aristokraft, and the best store-purchased cabinets. If your kitchen is important to you, then why would you want an inferior cabinet?

Simply put, our cabinets are heavier, stronger, and squarer. Our cabinets need to pass many tests, including:

- Overhead cabinets rated to over 500 pounds capacity;
- Drawers opened 25,000 times - and with weight;
- Cabinet doors opened 25,000 times;
- Harsh testing of cabinet finishes.
- Our cabinets are regularly (and randomly) tested by authorized third-parties.

In addition, our KCMA Certified cabinets offer the following:

- 3/4" Adjustable Shelves with Finished Edges in Overhead Kitchen Cabinets
- Hidden Hinges on all Cabinets
- 3/4" Adjustable Half-Shelf in Kitchen Base Cabinet
- Recessed Toe-Kick for Ease of Working at Cabinet
- Precision-Cut and Dadoed Cabinet Components

Through on-going tests performed by an experienced, independent laboratory, the KCMA certification program assures you that any cabinet bearing the blue and white KCMA seal complies with the rigorous standards set by the American National Standards Institute (ANSI) and KCMA. For more details on KCMA certification, visit: www.kcma.org.
